SUBJECT INDEX, VOLUME 126

Abies concolor and *A magnifica*, seasonal patterns of sapling growth ... 14
Aeolosoma travancorense, new record in North America ... 345
Alaska, forage quality of *Carex macrochaeta* ... 287
Arizona, cycles of activity and weight in rock squirrels ... 159
grass phenology in ponderosa pine forest ... 256
interaction of grasshopper mice and horned lizards ... 187
Asclepias syriaca, pollinium germination and ovule penetration ... 61

Bacteria, use of dissolved organic C in Carolina Bays ... 308
Behavior, interactions of grasshopper mice and horned lizards ... 187
predator effect on insect ... 198
Birds, abundance and species richness in grassed waterways ... 90
Blarina brevicauda, response to cicada emergence 317

California, establishment of *Cytisus scoparius* ... 1
growth of saplings of red and white fir ... 14
niche relationships in *Dipodomys* ... 172
plant species relations in Sierra Nevada meadows ... 30
Carex macrochaeta, forage quality ... 287
Caves, species interactions in stream ... 364
Cnemidophorus dixoni, activity and reproduction 256
Cytisus scoparius, establishment ... 1

Daucus carota, effect of predator in visiting insects 198
Delaware, predator effects on arthropod community ... 380
Dipodomys agilis and *D. stephensi*, niche relationships ... 172
Drosophila robusta and *D. tripunctata*, high temperature stress ... 118
Drosophila spp., desiccation resistance ... 338

Epichloe typhina, "pollination" by fly ... 208
Ecology, animal, ability of rodents to find seeds ... 385
activity and weight of rock squirrels ... 159
activity and reproduction of *Cnemidophorus dixoni* ... 256
bird abundance and species richness in grassed waterways ... 90
breeding and growth of southern flying squirrel 203
diversity and niche breadth ... 213
gopher tortoise and vertebrate symbionts ... 152
guano community of evening bat ... 392
high temperature stress in *Drosophila* ... 118
interactions of grasshopper mice and horned lizard ... 187
interactions in cave stream communities ... 364
mite mutualism in foliar shelters ... 111
mountain goat forage ... 287
mutualism, fly-fungus ... 208
niche relationships in *Dipodomys* ... 172
phylogenetics of *Nocomis* ... 103
predator effects on arthropod community ... 380
predator effects on insect behavior ... 198
production of crayfish ... 353
radioactive nuclides, in ant nests ... 140
effects on periodical cicada ... 322
small mammal response to cicada emergence ... 317
Ecology, plant, bacterial use of C in Carolina bays ... 308
diversity and niche breadth ... 213
establishment of *Cytisus scoparius* ... 1
forage quality of *Carex macrochaeta* ... 287
grass phenology in ponderosa pine forest ... 269
mites in foliar shelters ... 111
pollinium germination and ovule penetration in common milkweed ... 61
seasonal patterns of red and white fir sapling growth ... 14
seedling emergence of old-field forbs ... 279
soil respiration in aspen stands ... 68
survivorship and recruitment of *Ipomoea leptophylla* ... 44
tree seedling distribution in forest ... 294
water table and plant relationships in Sierra Nevada meadows ... 30
Evolution, phylogenetics of *Nocomis* ... 103

Fire, effects on grass phenology ... 269
Fish, phylogenetics of *Nocomis* ... 103
Florida, gopher tortoise and vertebrate symbionts 152
Fungi, fly-fungus mutualism ... 208
Pilobolus in southern Rocky Mountains ... 401

Georgia, Oligochaeta and Aphanoneura from Lake Louise ... 345
Glaucomys volans, breeding and growth ... 203
Gopherus polyphemus, vertebrate symbionts in burrows ... 152

Illinois, mites in foliar shelters ... 111
Indiana, guano community of evening bat ... 392
small mammal response to cicada emergence ... 317
Insects, ant mound influences ... 125
ant nests, ^{137}Cs and ^{60}Co in ... 140
fly-fungus mutualism ... 208
guano community of evening bat ... 392
high temperature stress in *Drosophila* ... 118
predator effects on ... 198
radionuclide effects on periodical cicada ... 322
small mammal response to cicada emergence ... 317
Invertebrates (other than insects), cave stream communities ... 364
crayfish in James River ... 353
Eubranchiopoda in vernal pond ... 399

mites in foliar shelters 111
Oligochaeta and Aphanoneura in Georgia lake 345
predator effects on arthropod community 380
reproduction and fish hosts of Tennessee clubshell 82
time activity budgets of *Uca panacea* 403
Iowa, bird abundance and species richness in grassed waterways 90
Ipomoea leptophylla, survivorship and recruitment 44

Limnology, bacterial use of dissolved organic C .. 308
Eubranchiopoda in vernal pond 399
invertebrates in Georgia lake 345

Magicicada cassini, effects of radionuclide contamination 322
Magicicada spp., response of small mammal population to emergence 317
Maine, reproduction of *Asclepias syriaca* 61
Mammals, ability of rodents to find seeds 385
activity and weight of rock squirrels 159
breeding and growth of southern flying squirrels 203
evening bat guano community 392
interacton of grasshopper mice and horned lizards 187
Mexico, desiccation resistance of *Drosophila* spp. 338
Michigan, soil respiration in aspen stands 68
Missouri, fly-fungus mutualism 208
Mutualism, fly-fungus 208
mites in foliar shelters 111

Nebraska, survivorship and recruitment of *Ipomoea leptophylla* 44
New Hampshire, breeding and growth of southern flying squirrel 203
New Mexico, ant mound influences 125
New York, effect of predator on insects visiting *Daucus carota* 198
Nocomis spp., phylogenetics 103
Nycticeius humeralis, trophic structure of guano community 392

Ohio, effects of radionuclide contamination on periodical cicada 322
Ontario, seedling emergence of old-field forbs ... 279
Onychomys torridus, interactions with horned lizards 187
Oreamnos americanus, quality of forage 287

Pennsylvania, tree seedling distribution in forest 294
Peromyscus leucopus, ability to find seeds in litter 385
response to cicada emergence 317
Phorbia phrenione, "Pollinates" fungus 208
Phrynosoma cornutum and *P. modestum*, interactions with grasshopper mice 187
Phymata americana, effects on insect behavior ... 198
Physiology, animal, desiccation restance in *Drosophila* 338
high temperature stress in *Drosophila* 118
Physiology, plant, N_2 fixation and rhizosheaths of Indiana ricegrass 76
seasonal patterns of water potential and gas exchange of red and white fir 14
Pinus ponderosa, fire and stand structure effects on grass 269
Pleurobema oviforme, reproduction and fish hosts 82
Pogonomyrmex occidentalis, mound influence on vegetation and soil 125
P. salinus, ^{137}Cs and ^{60}Co in nests 140
Populus grandidentata, soil respiration in stands of 68

Radioactive nuclides, effects on periodical cicada 322
in ant nests 140
Reithrodontomys fulvescens, ability to find seeds in litter 385
Reptiles, activity and reproduction of *Cnemidophorus dixoni* 256
gopher tortoise and vetebrate symbionts 152
interaction of horned lizard and grasshopper mice 187

South Carolina, dissolved organic carbon in Carolina bays 308
Spermophilus variegatus, activity and weight 159
Statistics, diversity, niche breadth and equal abundance of hypothesis 213
Stipa hymenoides, N_2 fixation and rhizosheaths .. 76
Streams, crayfish in James River 353

Texas, activity and reproduction of *Cnemidophorus dixoni* 256
time activity budgets of *Uca panacea* 403

Uca panacea, time activity budgets 403
Utah, N_2 fixation in Indian ricegrass 76

Virginia, crayfish in James River 353
reproduction of *Pleurobema oviforme* 82

West Virginia, cave stream communities 353
Wyoming, Eubranchiopoda in vernal pond 399
